CHAPTER 1

GENERAL

AIM
1. The aim of Phase One is to provide a Sea Cadet with the introductory knowledge and practical experience required to participate in corps activities as a member of a team.

PROGRAM DESIGN
2. The Phase One Program has been designed:
   a. assuming that the majority of first year cadets are between 12 and 14 years of age;
   b. using age-appropriate learning strategies;
   c. by providing a programming mix consisting of mandatory and complementary training;
   d. to include training which is experiential and skill-based, with a lesser focus on theoretical knowledge; and
   e. assuming that learning will take place through a combination of programmed periods of instruction, unstructured discussions, teachable moments, and coaching / mentoring opportunities.
3. Each phase is composed of performance objectives (POs) subdivided into enabling objectives (EOs).

PERFORMANCE OBJECTIVES
4. PO numbers are usually made up of three digits:
   a. The first digit indicates the phase level (eg, ‘X’ represents Phase One to Four, ‘1’ represents Phase One, ‘2’ represents Phase Two, etc.).
   b. The second and third digits indicate the topic area (eg, ‘00’ represents Positive Social Relations for Youth, ‘01’ represents Citizenship, ‘02’ represents Community Service, etc.).
5. EO numbers are usually made up of six digits (eg, EO M103.01):
   a. The first digit is either an ‘M’, which indicates mandatory training, or a ‘C’, which indicates complementary training.
   b. The second, third and fourth digits indicate the PO as per para 4.
   c. The fifth and sixth digits indicate the specific EO number (eg, EO M103.01 is the first mandatory EO in Phase One leadership).
   d. Some EOs have a seventh digit, which indicates there is a selection of EOs to choose from (eg, EOs MX01.01A, MX01.01B, MX01.01C, etc. indicates corps can choose any one of these EOs to satisfy the requirements of mandatory Citizenship training).
6. Each PO has been developed to contribute directly to the program aim and participant outcomes detailed in CATO 11-03, Cadet Program Mandate. The following are summaries of the POs common to all elements of the CP (allocated POs numbered 100 to X20) and the POs specific to Phase One (allocated POs numbered 121 to 190):
   a. **Positive Social Relations for Youth.** PO 100 – Participate in Positive Social Relations for Youth Training. The aim of Positive Social Relations for Youth is to prepare cadets to interact comfortably within the cadet community, interact positively with others, exercise sound judgement, accept personal responsibility for actions and choices, deal with interpersonal conflict, and seek assistance from available resources when needed.
b. **Citizenship.** PO X01 – Participate in Citizenship Activities. The aim of this PO is to introduce cadets to various aspects of being a good Canadian citizen through a range of fun, interesting and challenging activities.

c. **Community Service.** PO X02 – Perform Community Service. The aim of this PO is to encourage cadets to be active citizens through participation in a community service activity as a member of a team.

d. **Leadership.** PO 103 – Participate as a Member of a Team. The aim of this PO is for cadets to embrace the role of a follower while participating in activities as a member of a team.

e. **Personal Fitness and Healthy Living.** PO X04 – Track Participation in Physical Activities. The aim of this PO is to encourage cadets to live a healthy, active lifestyle by meeting the Canadian Physical Activity Guidelines and Canadian Sedentary Behaviour Guidelines for youth.

f. **Physical Activities.** PO X05 – Participate in Physical Activities. The aim of this PO is for cadets to have fun participating in physical activities.

g. **Air Rifle Marksmanship.** PO 106 – Fire the Cadet Air Rifle. The aim of this PO is to familiarize cadets with range operations and the firing of the cadet air rifle.

h. **General Cadet Knowledge.** PO 107 – Serve in a Sea Cadet Corps. The aim of this PO is to provide cadets with information on the opportunities inherent in the Sea Cadet Program, and provide them the basic skills to integrate comfortably as members of the corps.

i. **Drill and Ceremonial.** PO 108 – Perform Drill Movements During an Annual Ceremonial Review (ACR) Parade. The aim of this PO is to provide cadets with the skills required to competently participate in an ACR parade.

j. **Biathlon.** PO 111 – Participate in Recreational Summer Biathlon Activities. The aim of this PO is to provide cadets with an opportunity to enhance individual marksmanship skills and personal fitness through participation in the sport of biathlon.

k. **CAF Familiarization.** PO X20 – Participate in Canadian Armed Forces (CAF) Familiarization Activities. The aim of this PO is to stimulate the interest of cadets in the sea, land and air activities of the CAF.

l. **Ropework.** PO 121 – Perform Basic Ropework. The aim of this PO is to provide cadets with basic ropework skills to enable them to participate in seamanship activities such as small craft operation and sailing.

m. **Ship’s Operations.** PO 123 – Respond to Basic Forms of Naval Communications. The aim of this PO is to provide the cadets with the basic knowledge required to communicate in a naval or nautical environment.

n. **Sailing.** PO X24 – Sail a Sailboat IAW the Sail Canada CANSail Level 1. The aim of this PO is to qualify cadets to CANSail Level 1.

o. **Nautical Training.** PO X25 – Participate in a Nautical Training Weekend. The aim of this PO is for the cadets to participate in a nautical activity that reinforces mandatory / complementary training; allows them to participate in naval aspects of the CAF or maritime community; and provides a hands-on opportunity that introduces new skills / knowledge.

**TRAINING PREREQUISITES**

7. To participate in the Phase One, youths must be members of a Sea Cadet corps, as specified in A-CR-CCP-950/PT-001, *Queen’s Regulations and Orders for the Canadian Cadet Organization*, Article 4.01.
USE OF THE QSP

8. This QSP shall be used as the primary authority governing the development, implementation, conduct and evaluation of the training and standards to qualify a cadet for Phase One. This QSP shall also be used by D Cdts & JCR as the primary reference for validation of Phase One.

9. Phase One shall be conducted using this QSP as the training control document in conjunction with A-CR-CCP-601/PF-001, Royal Canadian Sea Cadets Phase One Instructional Guides.
CHAPTER 2
TRAINING MANAGEMENT DETAILS

RESPONSIBLE AGENCY AND TRAINING ESTABLISHMENTS

1. The Managing Authority for the Sea Cadet Phase Training is D Cdts & JCR. The conduct of said program is the responsibility of the Regional Cadet Support Units (RCSUs) through authorized Training Establishments (TEs). These TEs include:

   a. Royal Canadian Sea Cadet Corps (RCSCC); and
   b. Technical TEs, such as:
      (1) Cadet Nautical Sites (CNS); and
      (2) Other zone, detachment or regional TEs as authorized by the RCSU Commanding Officer (CO).

TRAINING DETAILS

2. In accordance with CATOs 11-04, Cadet Program Outline and 31-03, Sea Cadet Program Outline, Phase Training is conducted between 1 September and 30 June of each training year through a combination of 30 training sessions and 10 supported training days as detailed in Annex A.

3. Phase Training is divided into two compulsory components that must be completed by all cadets. These components are:

   a. Mandatory Training. Mandatory training is a scheme of activities that is requisite for corps, and in some instances, specialized TEs, to conduct and for cadets to accomplish in order to complete the Phase; and

   b. Complementary Training. Complementary training is a scheme of activities that is requisite for corps, and in some instances specialized TEs, to conduct and for cadets to accomplish in order to complete the Phase. These activities complement mandatory activities and form an integral part of the Phase Program. COs have the discretion to choose activities from a range of possibilities, thus allowing them flexibility to tailor the Phase Program to match the corps’ interests and resources.

4. Period Allocation. Periods are 30 minutes in duration. A detailed period allocation, including details on training days / weekend, is provided at Annex A, and scheduling guidelines are located at Annex B.

5. Training Days / Weekends.

   a. The planning and conduct of training days is the responsibility of the corps. Day training shall be conducted at the corps parade location or, where suitable facilities do not exist at the corps parade location, within the local community.

   b. The conduct of sail training is the responsibility of Technical TEs (CNS). The planning of these activities is to be done in conjunction with the Area Cadet Detachment / RCSU and CNS.

   c. In accordance with CATO 11-04, Cadet Program Outline, weekend training shall normally be conducted within three hundred kilometres of the corps parade location.

   d. Where support of mandatory or complementary days / weekends is required, requests shall be forwarded to the appropriate RCSU. Refer to CATO 31-03, Sea Cadet Program Outline, and regional orders for amplified information on support available from RCSUs.

   e. Training days and weekends shall be structured, unless otherwise specified in the individual Phase QSP, to include cadets from all phases.
6. **Training Capacity.** The training capacity is limited to the ability of the corps to meet supervision requirements in accordance with CATO 13-12, *Supervision of Cadets*, and in some cases, to established quotas.

7. **Training Staff Requirements.**

**TRAINING ADMINISTRATION**

10. **Cadet Evaluation.** Details on cadet evaluation are found in Chapter 3.

11. **Reports.** A training file should be maintained on each cadet to record their progress during the training year. Training files are temporary documents which may be disposed of upon migration of the Phase One Qualification Record to DND 2399, *Cadet Personnel Record*.

**QUALIFICATION**

12. The Phase One qualification is awarded to cadets upon completion of the requirements specified in Chapter 3.

**RELATED DOCUMENTS**

13. This QSP is to be used in conjunction with:

   a. CATOs; and

   b. A-CR-CCP-601/PF-001 *Royal Canadian Sea Cadets Phase One Instructional Guides*.

ANNEX B

SCHEDULING GUIDELINES

1. Schedule those activities that are set dates (e.g., Remembrance Day activities, Regionally Directed Activities, TE activities [e.g., sailing], School Breaks).

2. Schedule major and recurring activities (e.g., PO X05 [Physical Activities], CO’s Parades, Annual Ceremonial Review).

3. Schedule the following training activities early in the training year:
   (a) PO 100 (Positive Social Relations for Youth),
   (b) POs 107, 207, 307, 407 and 507 (General Cadet Knowledge),
   (c) POs 303, 403 and 503 (Leadership), and
   (d) POs 309 and 409 (Instructional Techniques).

4. Schedule any special considerations, such as:
   (a) Schedule EO MX04.02 (Identify Strategies to Improve Participation in Physical Activities and Participate in the Cadet Fitness Assessment) four weeks after EO MX04.01 (Participate in 60 Minutes of Moderate- to Vigorous-Intensity Physical Activity and Track Participation in Physical Activities);
   (b) Schedule EO MX24.01 (Prepare for a Sail Weekend) prior to the corps’ sail weekend and EO CX25.01 (Prepare for a Nautical Training Weekend) prior to the corps’ nautical training weekend;
   (c) For the completion of POs 303, 403, and 503 (Leadership), consider leadership assignment opportunities for Phase Three, Four and Five cadets; leadership appointment opportunities for Phase Four and Five cadets; and leadership project opportunities for Phase Five cadets;
   (d) Schedule each Phase Four cadet into the Phase One and Two training schedules in order to complete EO M409.05 (Instruct a 30-Minute Lesson).

5. Schedule the remaining mandatory training (details located in the lesson specifications in Chapter 4).

6. Schedule selected complementary training.

7. Other considerations when developing the annual training schedule include:
   (a) the training environment required for each activity:
      (1) some activities will require an outdoor environment which requires consideration for seasonal climate; and
      (2) some activities will require the use of a special facility, such as a gymnasium or sports field; and
   (b) the availability of a technical specialist, if required to conduct the activity;
8. Considerations when implementing the training program:

(a) Some theory is required for safety purposes and for introducing new material. However, most material can be taught using practical methods.

(b) Training sessions need to be planned in advance to allow instructors adequate time to prepare for the delivery and conduct of training. This includes reviewing lesson specifications and instructional guides, and creating instructional materials as required.

(c) Take adequate time to allow cadets to reflect upon and be debriefed on experiential training activities, to include future applications of the experience.

## RESOURCE REQUIREMENTS

Quantities are based on a group of 30 cadets.

The resources required for complementary training and POs X01, X02, X04, X05 and X20 depend on the activities selected by the corps. Refer to A-CR-CCP-601/PF-001, *Royal Canadian Sea Cadets Phase One Instructional Guides* for detailed lists of resources for each selected activity.

The following is a list of key items all corps require access to for the conduct of training.

CHAPTER 3
CADET EVALUATION

PURPOSE
1. The purpose of this chapter is to outline the specific evaluation requirements for achievement of Phase One qualification.

LEARNER EVALUATION
2. A-P9-050-000/PT-Z01, Manual of Individual Training and Education, Volume 1 defines learner evaluation as, “the assessment of progress made by participants during an instructional programme (formative evaluation) and of their achievement at the end of the programme (summative evaluation).”

CADET EVALUATION DESIGN AND DEVELOPMENT
3. Cadet evaluation is designed and developed incorporating contemporary professional practices from the fields of education and youth development as well as considering best practices in use within the Canadian Cadet Organizations (CCO).

4. Cadet evaluation is designed and developed so that all cadets are capable of achieving all POs and associated EOs. To motivate cadets to learn, cadet evaluation builds on success and confidence rather than demotivating cadets with failure and defeat.

CP DEVELOPMENTAL PERIODS (DPS)
5. The CP is designed across adolescent DPs adapted to suit the CP target population. Outlined in each DP are specific philosophies and approaches to learning and assessment that influence design, development and conduct of cadet training and assessment.

6. A DP is a time frame, during a cadet’s progression through the CP, in which the cadet participates in training and is provided opportunities to develop desired knowledge, skills and attitudes that support the aim of the CP and contribute to the achievement of the CP outcomes.

7. Progressive training levels, and associated learning objectives, distinguish each DP; ensuring training is relevant, achievable and age-appropriate for the cadet population. DPs and associated training levels are designed to be completed in a sequential manner and are also fluid, which allows a cadet to progress to the next training level or DP while still working on completion of learning objectives from the previous level or DP.

8. The design and development of cadet training and evaluation is based on the basic overview of the DP characteristics located at Chapter 3, Annex A.

CADET ASSESSMENT OF LEARNING
9. The intent of Phase One cadet evaluation is to measure the extent of cadet participation in the scheduled mandatory and complementary training and make an assessment by comparing the level of participation to the minimum standard required for qualification.

MONITORING CADET PROGRESS
10. Cadets must meet the standard of behaviour and conduct expected from all cadets. The phase officer during cadet interviews and personal counselling should adopt a proactive approach towards difficulties.

11. The phase officer is encouraged to meet formally and informally with cadets throughout the training year to discuss the cadet’s progress towards Phase One qualification and to provide feedback on overall performance. At a minimum, it is expected that the phase officer will meet with each cadet at the end of the training year to
review the completed Chapter 3, Annex B, Phase One Qualification Record. Guidelines for conducting cadet interviews are located at Chapter 3, Annex D.

12. Frequent absences from mandatory and complementary training that could result in the cadet not meeting the minimum standard, for Phase One qualification, must be addressed in accordance with CATO 15-22, Conduct and Discipline – Cadets.

TRAINING COUNSELLING SESSION

13. A training counselling session is used when a cadet is having difficulties progressing and an intervention is required to set goals for corrective action and / or remedial instruction. The Trg O is responsible for conducting training counselling sessions, except in the case of cadet rank promotions for which the CO is responsible. Guidelines for conducting training counselling sessions are located at Annex E and the Training Counselling Session Form is located at Annex E, Appendix 1.

ADDITIONAL ASSESSMENT OF LEARNING ACTIVITIES

14. All cadets must successfully complete the Cadet Air Rifle Handling Test, located at Annex C to this chapter, prior to participating in familiarization or recreational marksmanship activities.

15. No additional cadet evaluations (eg, theory tests, performance checks, etc.) are to be used to determine Phase One qualification eligibility. Therefore, these national standards are not to be supplemented with regional / local standards.

PHASE ONE QUALIFICATION STANDARD

16. The minimum standard for Phase One qualification is:
   a. Sixty percent attendance in all scheduled mandatory and complementary training once becoming a member of the corps, as calculated by the cadet corps.
   b. Successful completion of each PO as outlined in the Phase One Qualification Record located at Chapter 3, Annex B.

CADETS NOT MEETING THE QUALIFICATION STANDARD

17. Cadets who do not meet the minimum qualification standard shall be given a reasonable opportunity to complete the training missed. If, by the end of the training year, the cadet still has not successfully attained any PO, the corps CO may waive the minimum qualification standard. When waiving any PO requirement, the corps CO shall consider:
   a. the legitimacy of the cadet’s reason for failing to attain the PO;
   b. the cadet’s mandatory and complementary training attendance; and
   c. the cadet’s overall behaviour and performance.

18. Any cadet for whom a waiver has been issued will not be granted a Phase One Qualification. However, they will progress to Phase Two in the second year of their corps membership. If a CO has decided to not grant a waiver based on attendance and / or behaviour, a cadet may be held back to repeat Phase One.

19. Cadets who have been granted a waiver of the minimum qualification standard of Phase One and have progressed to Phase Two in the second year of their corps membership are expected to achieve the missing
Phase One Qualification PO requirements. To facilitate this, cadets can concurrently receive credit for activities completed in Phase Two as part of also achieving Phase One.

**RECORDING AND REPORTING ACHIEVEMENT**

20. The progress of each cadet shall be reported using the Phase One Qualification Record, Annex B, which is also used to determine successful completion of the Phase One Qualification. The results shall be recorded on, and placed in, the cadet’s DND 2399, *Cadet Personnel Record*.

**PHASE ONE CERTIFICATE OF QUALIFICATION**

21. The Cadet Certificate of Qualification, CF 558 (NSN 7530-21-870-7685), shall be awarded to each cadet upon successful completion of Phase One.

CHAPTER 4
PERFORMANCE OBJECTIVES AND LESSON SPECIFICATIONS

SECTION 1
PERFORMANCE OBJECTIVES (POS) AND TRAINING PLAN

PURPOSE
1. The purpose of this chapter is to outline the specific POs associated with the Phase One qualification.

PERFORMANCE OBJECTIVES
2. POs are a description of the cadet’s ability after training is complete. They include a description, in performance terms, of what the individual must do, the conditions under which the performance must be completed, and the standard to which the performance must conform. These three elements are respectively defined as:
   a. a performance statement;
   b. a conditions statement; and
   c. a standard.
3. This chapter also details the training plan that is designed to assist cadets to achieve the required POs using EOs and Lesson Specifications (LS) that are the key reference used for development of A-CR-CCP-601/PF-001, Phase One Instructional Guides.

ENABLING OBJECTIVES
4. EOs are a description of the cadet’s ability after each unit of learning is complete and constitute a major step towards achieving the PO. EOs may correspond to the major components identified in the first round of deconstructing POs or they may result from grouping several related components. They are composed of three essential parts:
   a. a performance statement;
   b. a conditions statement; and
   c. a standard.

LESSON SPECIFICATIONS
5. LSs describe the instructional strategy to be applied to each EO, and include:
   a. supporting teaching points;
   b. references;
   c. learning activities (methods, media and environment);
   d. estimated timings;
   e. assessment directions; and
   f. any remarks that further clarify the design intent.

ASSESSMENT FOR LEARNING
6. Formative evaluation, or assessment for learning, takes place during a phase of instruction and helps cadets and instructors recognize progress or lapses in learning. These assessments can also provide cadets
with opportunities to practice Performance Checks. This helps to diagnose cadet needs, eg, corrective action or remedial instruction, plan the next steps in instruction and provide cadets with feedback they can use to improve. It also reinforces learning so that it can be retained longer. Details for Phase One assessment for learning are outlined within the applicable lesson specifications located at Chapter 4.

10. **Test Details**: Nil.

11. **Remarks**:

a. The purpose of the CFA is to have cadets measure their personal fitness to help them set individual goals for improvement. Each of the three components of fitness (cardiovascular, muscular strength, and muscular flexibility) is measured, and cadets are assessed using criterion-referenced standards as to whether they are in the healthy fitness zone (HFZ) within each of these components.

b. The HFZ is the level of fitness needed for good health. Cadets who do not fall within the HFZ for certain components should be coached and encouraged to set goals that will help them improve towards achieving the HFZ in the future.

c. The CFA shall be set up prior to conducting this lesson.

d. CFA results will be required during lesson MX04.03 (Participate in the Cadet Fitness Assessment and Identify Strategies for Improving Personal Physical Fitness).

e. Assistant instructors will be required for this lesson.

f. Retain cadets’ CFA results for use in EO MX04.03 (Participate in the Cadet Fitness Assessment and Identify Strategies for Improving Personal Fitness).

   c. More time for these activities may be allocated from complementary training time.
   d. Any of the activities can be combined. For example, cadets may attend a CAF presentation for two periods and watch a CAF familiarization video for one period.
   e. Participation in an exercise with an affiliated unit or other CAF unit shall be IAW CATO 11-33, *Affiliated Unit Support and Canadian Forces Training*.
   f. CAF exercises using pyrotechnics and blank ammunition shall be IAW CATO 14-48, *Use of Pyrotechnics and Blank Ammunition*.

| **CASE STUDY** | 1. Learning principles, attitudes and concepts. | 1. Effective application of teaching principles instead of “preaching”.
2. Cadets can help each other learn.
3. High energy and perfect demonstrations.
4. Can be easily related to a real life situation in the past and for future applications. | 1. Must be well organized and facilitated in order to ensure learning takes place. |
| **DEMONSTRATION AND PERFORMANCE** | | | |
| Cadets observe the instructor performing the task in a demonstration, and rehearse it under the supervision of the instructor. A good example of this is drill instruction, where cadets are shown a movement and given the opportunity to practice and perform it. | | | |
| Demonstration Method | | | |
| A method of instruction where the instructor, by actually performing an operation or doing a job, shows the cadet what to do, how to do it and through explanations brings out why, where and when it is done. | Demonstration Method | Demonstration Method | Demonstration Method |

<td>Learning in the cadet program is centred on experiential learning. This involves learning knowledge and skills from direct experience. People learn best from their own experiences and can then apply the knowledge and skills in new situations. The four stages of the cycle may be considered and applied to all activities within the Cadet Program, regardless of methodology chosen.</td>
<td>1. Knowledge is shared and created by everyone. 2. Everyone is actively involved in the teaching – learning process. 3. Numerous resources are used. 4. Cadet based.</td>
<td>1. Many resources are required (may be expensive). 2. Needs a lot of planning, preparation and organization prior to activity. 3. The instructor must master the subject developed. 4. Instructor needs very good pedagogical skills. 5. May not be a good process for learning details.</td>

Stage 1: Concrete Experience:
Cadets have an experience and take time to identify and define what the experience is. Sample activities: direct observations, simulations, field trips, and reading.

Stage 2: Reflective Observation:
Cadets need to reflect on and examine what they saw, felt and thought while they were having the experience. Sample activities: discussion, journals / logs, and graphs.

Stage 3: Abstract Conceptualization:
Cadets work to understand and make connections from the experience to new or different situations. Sample activities: interview, discussion, model building, analogies and planning.

Stage 4: Active Experimentation:
Cadets look ahead to and plan the application of skills and knowledge acquired to future experience. Sample activities include: simulation, fieldwork.

Note: The cycle is ongoing as each learning experience builds on another.

| **FIELD TRIP** | Theoretical knowledge is reinforced through participation in an activity in a real-life setting. Prior planning helps to ensure all pre-training and safety standards are met. Field trip activities are planned and carried out to achieve clear instructional objectives that are understood by the cadets. Examples can include trips to areas of local interest, flying / gliding, hiking or sailing. | 1. Awareness of historical situations.  
2. Can be used in conjunction with many other instructional methods.  
3. To introduce / illustrate and confirm topics. | 1. May be difficult to control.  
3. May have cost involved. |
| **GAME** | Games are used with one or more participants to practice skills, apply strategies and enhance teams. It is critical that the game supports learning through the provision of a challenging activity that allows for the skill practice or knowledge confirmation. Games are a fun and interesting way to introduce a topic, expand cadets’ understanding knowledge of topic or review material. | 1. Practical situations.  
2. Discovery of concepts and principles.  
3. Review and confirmation.  
4. Games include rules and assessment. | 1. May stratify the group by creating a winner and a loser.  
2. May be difficult to providing instructor feedback. |

| **GROUP DISCUSSION** | Cadets discuss issues, share knowledge, opinions and feelings about a topic in small groups to a specific goal. The instructor’s questioning is flexible and minimal, and aims at encouraging cadets to explore their own experiences and opinions through peer interaction. | 1. To develop imaginative solutions to problems.  
2. To stimulate thinking and interest and to secure cadet participation.  
3. To emphasize main teaching points.  
4. To supplement lectures.  
5. To determine how well cadets understand the concepts and principles.  
6. To prepare cadets for application of theory or procedure.  
7. To summarize, clarify points or review.  
8. To prepare cadets for instruction that will follow.  
9. To determine cadet progress and effectiveness of prior instruction. | 1. Requires highly skilled instructors.  
2. Required preparation by cadets.  
3. Limits contents.  
4. Consumes time.  
5. Restricts size of group.  
6. Requires selective group composition. |
| **IN-CLASS ACTIVITY** | In-class activities encompass a wide variety of activity-based learning opportunities that can be used to reinforce instructional topics or to introduce cadets to new experiences. In-class activities should provoke thought and stimulate interest among cadets, while maintaining relevance to the performance objectives. Examples of these activities include learning stations, videos, brainstorming / debating. | 1. To reinforce instructional topics.  
2. To orient cadets to the subject.  
3. To introduce a subject.  
4. To give direction on procedures.  
5. To present basic material.  
6. To introduce a demonstration, discussion or performance.  
7. To illustrate the application of rules, principles or concepts.  
8. To review, clarify, empathize or summarize. | 1. Encourages cadet passiveness.  
2. Difficult to gauge cadet reaction.  
3. Takes time to prepare. |
