CHAPTER 1
GENERAL

AIMS
1. The aim of Phase Three is to provide a Sea Cadet with the theoretical knowledge and practical experience required to participate in corps activities and appointments as a team leader.

PROGRAM DESIGN
2. Phase Three has been designed:
   a. assuming that the majority of third year cadets are between 14 and 15 years of age;
   b. assuming that the majority of cadets have successfully completed Phase Two;
   c. using age-appropriate learning strategies;
   d. using 30 minutes as a standard period of instruction;
   e. by providing a programming mix consisting of mandatory and complementary training;
   f. to include training which is experiential and skill-based, with a lesser focus on theoretical knowledge; and
   g. assuming that learning will take place through a combination of programmed periods of instruction, unstructured discussions, teachable moments, and coaching/mentoring opportunities.

3. Each Phase is composed of performance objectives (POs) subdivided into enabling objectives (EOs).

PERFORMANCE OBJECTIVES
4. PO numbers are usually made up of three digits:
   a. The first digit indicates the phase (eg, “X” represents Phases One to Four, “1” represents Phase One, “2” represents Phase Two, etc.).
   b. The second and third digits indicate the topic area (eg, “00” represents Positive Social Relations for Youth, “01” represents Citizenship, “02” represents Community Service, etc.).

5. EO numbers are usually made up of six digits (eg, EO M103.01):
   a. The first digit is either an “M”, which indicates mandatory training, or a “C”, which indicates complementary training.
   b. The second, third and fourth digits indicate the PO as per para 4.
   c. The fifth and sixth digits indicate the specific EO number (eg, EO M103.01 is the first mandatory EO in Phase One leadership).
   d. Some EOs have a seventh digit, which indicates there is a selection of EOs to choose from (eg, EOs MX01.01A, MX01.01B, MX01.01C, etc. indicates corps can choose any one of these EOs to satisfy the requirements of mandatory Citizenship training).

6. Each PO has been developed to contribute directly to the program aim and participant outcomes detailed in CATO 11-03, Cadet Program Mandate. The following are summaries of the POs common to all elements of
the CP (allocated POs numbered X01 to X20) and the POs specific to Phase Three (allocated POs numbered 321 to X25):

a. **Citizenship.** PO X01 – Participate in Citizenship Activities, (Chapter 4, Section 2). The aim of this PO is to introduce cadets to various aspects of being a good Canadian citizen through a range of fun, interesting and challenging activities.

b. **Community Service.** PO X02 – Perform Community Service, (Chapter 4, Section 3). The aim of this PO is to encourage cadets to be active citizens through participation as a team leader in a local community service activity.

c. **Leadership.** PO 303 – Act as a Team Leader, (Chapter 4, Section 4). The aim of this PO is to provide cadets with knowledge and skills to practice team leadership during naturally occurring leadership opportunities.

d. **Personal Fitness and Healthy Living.** PO X04 – Track Participation in Physical Activities, (Chapter 4, Section 5). The aim of this PO is to encourage cadets to live a healthy, active lifestyle by meeting the *Canadian Physical Activity Guidelines* and *Canadian Sedentary Behaviour Guidelines* for youth.

e. **Physical Activities.** PO X05 – Participate in Physical Activities, (Chapter 4, Section 6). The aim of this PO is for cadets to have fun participating in physical activities.

f. **Air Rifle Marksmanship.** PO 306 – Fire the Cadet Air Rifle During Recreational Marksmanship, (Chapter 4, Section 7). The aim of this PO is to develop cadets' marksmanship abilities through participation in recreational marksmanship.

g. **General Cadet Knowledge.** PO 307 – Serve in a Sea Cadet Corps, (Chapter 4, Section 8). The aim of this PO is to provide cadets with information on the opportunities inherent in the Sea CP.

h. **Drill.** PO 308 – Direct a Squad Prior to Parade, (Chapter 4, Section 9). The aim of this PO is to provide cadets with the knowledge and skills to act as a team leader while preparing a squad for a parade.

i. **Instructional Techniques.** PO 309 – Instruct a Lesson, (Chapter 4, Section 10). The aim of this PO is to provide cadets with the knowledge and skills to instruct a 15-minute period of peer instruction.

j. **Biathlon.** PO 311 – Participate in a Recreational Summer Biathlon Activity, (Chapter 4, Section 11). The aim of this PO is to provide cadets with an opportunity to enhance individual marksmanship skills and personal fitness through participation in the sport of biathlon.

k. **CAF Familiarization.** PO X20 – Participate in Canadian Armed Forces (CAF) Familiarization Activities, (Chapter 4, Section 12). The aim of this PO is to stimulate the interest of cadets in the sea, land and air activities of the CAF.

l. **Ropework.** PO 321 – Rig a Lifting Device, (Chapter 4, Section 13). The aim of this PO is to provide cadets with basic ropework skills to enable them to participate in seamanship activities such as small craft operation, ship's operations and other nautical training.

7. To participate in Phase Three, youths must be members of a Sea Cadet Corps, as specified in A-CR-CCP-950/PT-001, *Queen’s Regulations and Orders for the Canadian Cadet Organization*, Article 4.01.

**USE OF THE QSP**

8. This QSP shall be used as the primary authority governing the development, implementation, conduct and evaluation of the training and standards to qualify a cadet as Phase Three. This QSP shall also be used by the Directorate Cadets and Junior Canadian Rangers as the primary reference for validation of Phase Three qualification training.

9. Phase Three shall be conducted using this QSP as the training control document in conjunction with A-CR-CCP-603/PF-001, *Royal Canadian Sea Cadets Phase Three Instructional Guides*. 
CHAPTER 2
TRAINING MANAGEMENT DETAILS

RESPONSIBLE AGENCY AND TRAINING ESTABLISHMENTS

1. The Managing Authority for the Sea Cadet Phase Training is D Cdts & JCR. The conduct of said program is the responsibility of the Regional Cadet Support Units (RCSUs) through authorized Training Establishments (TEs). These TEs include:
   a. Royal Canadian Sea Cadet Corps (RCSCC); and
   b. Technical TEs, such as:
      (1) Regional Cadet Sailing Schools (RCSS); and
      (2) Other zone, detachment or regional TEs as authorized by the RCSU Commanding Officer (CO).

TRAINING DETAILS

2. In accordance with CATOs 11-04, Cadet Program Outline and 31-03, Sea Cadet Program Outline, Phase Training is conducted between 1 September and 30 June of each training year through a combination of 30 training sessions and 10 supported training days as detailed in Annex A.

3. The Phase Training Program is divided into two compulsory components that must be completed by all cadets. These components are:
   a. Mandatory Training. Mandatory training is a scheme of activities that is requisite for corps, and in some instances, specialized TEs, to conduct and for cadets to accomplish in order to complete the Phase; and
   b. Complementary Training. Complementary training is a scheme of activities that is requisite for corps, and in some instances specialized TEs, to conduct and for cadets to accomplish in order to complete the Phase. These activities complement mandatory activities and form an integral part of the Phase Program. COs have the discretion to choose activities from a range of possibilities, thus allowing them flexibility to tailor the Phase Program to match the corps’ interests and resources.

4. Period Allocation. Periods are 30 minutes in duration. A detailed period allocation, including details on training days/weekend, is provided at Annex A, and scheduling guidelines are located at Annex B.

5. Training Days/Weekends.
   a. The planning and conduct of training days is the responsibility of the corps. Day training shall be conducted at the corps parade location or, where suitable facilities do not exist at the corps parade location, within the local community.
   b. The conduct of sail training is the responsibility of Technical TEs (RCSS). The planning of these activities is to be done in conjunction with the Area Cadet Detachment/RCSU and RCSS.
   c. In accordance with CATO 11-04, Cadet Program Outline, weekend training shall normally be conducted within three hundred kilometres of the corps parade location.
   d. Where support of mandatory or complementary days/weekends is required, requests shall be forwarded to the appropriate RCSU. Refer to CATO 31-03, Sea Cadet Program Outline, and regional orders for amplified information on support available from RCSUs.
   e. Training days and weekends shall be structured, unless otherwise specified in the individual Phase QSP, to include cadets from all phases.
6. **Training Capacity.** The training capacity is limited to the ability of the corps to meet supervision requirements in accordance with CATO 13-12, *Supervision of Cadets*, and in some cases, to established quotas.

7. **Training Staff Requirements.**

a. Required Specialist Instructors:

   (3) Drill and Ceremonial Instructor(s) as available in support of PO 308; and
   (4) Sail and SCOP Instructors support of POs X24 and X25, as required; and

c. guest speaker(s) as required.

9. Resource Requirements. RCSU COs are responsible for ensuring that required equipment and supplies are available. A list of material required to conduct the training is located at Chapter 2, Annex C.

TRAINING ADMINISTRATION

10. Cadet Evaluation. Details on cadet evaluation are found in Chapter 3.

11. Reports. A training file should be maintained on each cadet to record their progress during the training year. The training file should consist, as a minimum, of a Phase Three Qualification Record (Chapter 3, Annex B). Training files are temporary documents which may be disposed of upon migration of the Phase Three Qualification Record to DND 2399, Cadet Personnel Record.

QUALIFICATION

12. The Phase Three qualification is awarded to cadets upon completion of the requirements specified in Chapter 3.

RELATED DOCUMENTS

13. This QSP is to be used in conjunction with

SCHEDULING GUIDELINES

1. Schedule those activities that are set dates (eg, Remembrance Day activities, Regionally Directed Activities, TE activities [eg, sailing], School Breaks).

2. Schedule major and recurring activities (eg, PO X05 [Physical Activities], CO's Parades, Annual Ceremonial Review).

3. Schedule the following training activities early in the training year:
   (a) PO 100 (Positive Social Relations for Youth),
   (b) POs 107, 207, 307, 407 and 507 (General Cadet Knowledge),
   (c) POs 303, 403 and 503 (Leadership), and
   (d) POs 309 and 409 (Instructional Techniques).

4. Schedule any special considerations, such as:
   (a) Schedule EO MX04.02 (Identify Strategies to Improve Participation in Physical Activities and Participate in the Cadet Fitness Assessment) four weeks after EO MX04.01 (Participate in 60 Minutes of Moderate- to Vigorous-Intensity Physical Activity and Track Participation in Physical Activities);
   (b) Schedule EO MX24.01 (Prepare for a Sail Weekend) prior to the corps’ sail weekend;
   (c) For the completion of POs 303, 403, and 503 (Leadership), consider leadership assignment opportunities for Phase Three, Four and Five cadets; leadership appointment opportunities for Phase Four and Five cadets; and leadership project opportunities for Phase Five cadets; and
   (d) Schedule each Phase Four cadet into the Phase One and Two training schedules in order to complete EO M409.05 (Instruct a 30-Minute Lesson).

5. Schedule the remaining mandatory training (details located in the lesson specifications in Chapter 4).

6. Schedule selected complementary training.

7. Other considerations when developing the annual training schedule include:
   (a) the training environment required for each activity:
      (1) some activities will require an outdoor environment which requires consideration for seasonal climate; and
      (2) some activities will require the use of a special facility, such as a gymnasium or sports field; and
   (b) the availability of a technical specialist, if required to conduct the activity;

8. Considerations when implementing the training program:
   (a) Some theory is required for safety purposes and for introducing new material. However, most material can be taught using practical methods.
   (b) Training sessions need to be planned in advance to allow instructors adequate time to prepare for the delivery and conduct of training. This includes reviewing lesson specifications and instructional guides, and creating instructional materials as required.
   (c) Take adequate time to allow cadets to reflect upon and be debriefed on experiential training activities, to include future applications of the experience.
RESOURCE REQUIREMENTS

Quantities are based on a group of 30 cadets.

The resources required for complementary training and POs X01, X02, X04, X05 and X20 depend on the activities selected by the corps. Refer to A-CR-CCP-603/PF-001, Royal Canadian Sea Cadets Phase Three Instructional Guides for detailed lists of resources for each selected activity.

The following is a list of key items all corps require access to for the conduct of training.

CHAPTER 3
CADET EVALUATION

PURPOSE
1. This chapter outlines the evaluation requirements for achievement of Phase Three qualification.

LEARNER EVALUATION
2. During Phase Three, a combination of formative and summative evaluation will be used to track cadets’ progress.

3. Formative evaluation, or assessment for learning, takes place during a phase of instruction and helps cadets and instructors recognize cadets’ progress or difficulties in learning. Through formative evaluation, the instructor can: identify when corrective or remedial action is required, plan the next steps in instruction, provide cadets with feedback so they can improve, and reinforce learning to aid the cadet in retaining information. Formative evaluation may also include opportunities for cadets to practice using Performance Checks (PCs) employed in summative evaluation.

4. Summative evaluation, or assessment of learning, takes place to determine whether learners have achieved POs or critical EOs (those deemed prerequisites to further individual training and education) and is used at the end of a phase of instruction. Details for assessment of learning are located within this chapter.

CADET EVALUATION DESIGN AND DEVELOPMENT
5. Cadet evaluation is designed and developed incorporating contemporary professional practices from the fields of education and youth development as well as considering best practices in use within the Canadian Cadet Organizations (CCO).

6. Cadet evaluation is designed and developed so that all cadets are capable of achieving all POs and associated EOs. To motivate cadets to learn, cadet evaluation builds on success and confidence rather than demotivating cadets with failure and defeat.

7. The following fundamental assessment principles shall guide the conduct of Phase Three assessment activities:
   a. in advance of training, the instructor shall inform the cadet of POs and EOs associated with the qualification;
   b. in advance of training, the instructor shall inform the cadet of the assessment plan for the qualification and provide the cadet with an opportunity to review the applicable forms used in assessment;
   c. assessment information shall be shared between the instructor and the cadet and used to revise and guide instruction and learning;
   d. the instructor shall provide feedback that is descriptive, constructive, frequent, and timely; helping the cadet to identify strengths and address areas requiring improvement;
   e. the cadet shall be actively, consistently and effectively involved in assessment; including learning to manage their own learning through the skills of self-assessment; and
   f. the cadet shall be encouraged to actively, consistently and effectively communicate with others about their learning progress.
CP DEVELOPMENTAL PERIODS (DPS)

8. The CP is designed across adolescent DPs adapted to suit the CP target population. Outlined in each DP are specific philosophies and approaches to learning and assessment that influence design, development and conduct of cadet training and assessment.

9. A DP is a time frame, during a cadet’s progression through the CP, in which the cadet participates in training and is provided opportunities to develop desired knowledge, skills and attitudes that support the aims of the CP and contribute to the achievement of the CP outcomes.

10. Progressive training levels, and associated learning objectives, distinguish each DP; ensuring training is relevant, achievable and age-appropriate for the cadet population. DPs and associated training levels are designed to be completed in a sequential manner and are also fluid, which allows a cadet to progress to the next training level or DP while still working on completion of learning objectives from the previous level or DP.

11. The design and development of cadet training and evaluation is based on the basic overview of the DP characteristics located at Chapter 3, Annex A.

CADET ASSESSMENT OF LEARNING PLAN

12. The Assessment of Learning Plan located at Chapter 3, Annex B, provides an overall strategy for using assessment activities to determine if the cadet meets the requirements for Phase Three qualification. The assessment of learning plan will:

   a. provide an outline of each assessment of learning activity including its purpose, when it will occur, and details the assessment instrument(s) used to support cadet evaluation;

   b. identify the learning target(s) associated with the PO and/or EO being assessed, to include:

      (1) **Knowledge Mastery.** The facts, concepts and theory a cadet needs to know;

      (2) **Reasoning Proficiency.** A cadet uses what they know to solve a problem, make a decision, make a plan, think critically, set goals, or self-assess;

      (3) **Skills.** Performance demonstration; where the cadet demonstrates their ability to perform a skill. To be assessed, these performances must be demonstrated by the cadet and observed by an assessor;

      (4) **Ability to Create Products.** A cadet uses their knowledge, reasoning and skills to create a concrete product; and/or

      (5) **Attitudinal/Dispositional Changes.** A cadet’s attitude about learning, safety, conducts, etc. Targets in this realm reflect attitude and feeling. They represent important affective goals we hold for a cadet as a by-product of their CP experience, and as such are not generally assessed for the purpose of attaining a qualification.

   c. identify the assessment method(s) that best matches PO and/or EO learning targets, to include:

      (1) **Selected Response.** A cadet selects the correct or best response from a list provided. Formats include multiple choice, true/false, matching, short answer, and fill-in questions. Although short answer and fill-in-the-blank questions do require cadets to generate an answer, they call for a very brief answer that is counted as right or wrong, so these have been included in the selected response category;

      (2) **Extended Written Response.** A cadet is required to construct a written answer in response to a question or task rather than select one from a list. An extended written response is one that is at least several sentences in length;
(3) **Performance Assessment.** This assessment method is based on observation and judgment; the performance or product is observed and determination is made as to its quality; and/or

(4) **Personal Communication.** Gathering information about a cadet through personal communication, learning is assessed through interpersonal interaction with the cadet.

**ASSESSMENT INSTRUMENTS**

13. Specific assessment instruments have been designed to support each assessment activity within the assessment of learning plan. These are meant to standardize assessment activities and cadet evaluation for all cadets attempting the qualification. Assessment instruments are located at Chapter 3, Annex B, Appendices 1 to 6.

**MONITORING CADET PROGRESS**

14. Cadets must meet the standard of behaviour and conduct expected from all cadets. During cadet interviews and personal counselling, the Phase Three Course Officer should adopt a proactive approach towards difficulties.

15. The Phase Three Course Officer should meet formally and informally with cadets throughout the training year to discuss the cadet’s progress towards Phase Three qualification (assessment for learning) and to provide feedback on overall performance. The Phase Three Course Officer shall meet with each cadet at the end of the training year to review the completed *Phase three Qualification Record*. Guidelines for conducting cadet interviews are located at Chapter 3, Annex D.

16. Frequent absences from mandatory and complementary training that could result in the cadet not meeting the minimum standard for Phase Three qualification must be addressed in accordance with CATO 15-22, *Conduct and Discipline – Cadets*.

**TRAINING COUNSELLING SESSION**

17. A training counselling session is used when a cadet is having difficulties progressing and an intervention is required to set goals for corrective action and/or remedial instruction. The Trg O is responsible for conducting training counselling sessions, except in the case of cadet rank promotions for which the CO is responsible. Guidelines for conducting training counselling sessions are located at Annex E and the Training Counselling Session Form is located at Annex E, Appendix 1.

**ADDITIONAL ASSESSMENT OF LEARNING ACTIVITIES**

18. No additional cadet evaluations, eg, theory tests or performance checks, are to be used to determine Phase Three qualification eligibility. Therefore, these national standards are not to be supplemented with additional regional and/or local standards.

**PHASE THREE QUALIFICATION STANDARD**

19. The minimum standard for Phase Three qualification is:
   a. 60 percent overall attendance in all scheduled mandatory and complementary training as calculated by the corps; and
   b. successful completion of each PO as outlined in the Phase Three Qualification Record located at Chapter 3, Annex C.

**CADETS NOT MEETING THE QUALIFICATION STANDARD**

20. A cadet who does not meet the qualification standard for any PO shall be given a reasonable opportunity to achieve the standard. Unless otherwise specified in the assessment of learning plan and associated assessment instruments, there is no limit to the number of additional opportunities that may be afforded to
the cadet, provided it is within the resources of the corps. If, by the end of the training year, a cadet who is Phase Three qualified has not successfully attained any PO, the corps CO may waive the minimum qualification standard. When waiving any PO requirement, the corps CO shall consider:

a. the legitimacy of the cadet’s reason for failing to attain the PO;
b. the cadet’s mandatory and complementary training attendance; and
c. the cadet’s overall behaviour and performance.

21. Any cadet for whom a waiver has been issued will not be granted the Phase Three qualification. However, that cadet will progress to Phase Four in the fourth year of their corps membership. If a CO does not grant a cadet a waiver, that cadet may be held back to repeat Phase Three.

22. Cadets who have been granted a waiver of the qualification standard of Phase Three and have progressed to Phase Four in the fourth year of their corps membership are expected to achieve the missing Phase Three PO requirements. To facilitate this, cadets may concurrently receive credit for activities completed in Phase Four as part of also achieving Phase Three.

23. Only cadets who have achieved Phase Two qualification may be granted a waiver.

RECORDING AND REPORTING CADET ACHIEVEMENT

24. The progress of each cadet shall be recorded on the Phase Three Qualification Record, located at Chapter 3, Annex C, which is also used to determine successful completion of Phase Three qualification. COs are responsible for ensuring the results are recorded on each cadet’s DND 2399, Cadet Personnel Record.

PHASE THREE CERTIFICATE OF QUALIFICATION

25. The CF 558, Cadet Certificate of Qualification (NSN 7530-21-870-7685), shall be awarded to each cadet upon successful completion of the Phase Three qualification.

303 PC – ASSESSMENT INSTRUCTIONS

PREPARATION

PRE-ASSESSMENT INSTRUCTIONS

Review the assessment plan, assessment instructions and 303 PC Assessment Rubric and become familiar with the material prior to conducting the assessment.

There is no time allotted for 303 PC. It is to be administered whenever and wherever Phase Three cadets lead cadets through a leadership assignment.

The cadet shall be given a minimum of one practice leadership assignment which will be assessed using the 303 PC Assessment Rubric. The cadet will reflect and self-assess after the practice leadership assignment using the same rubric. The practice leadership assignment will not be recorded on the cadet’s qualification record.

The formal leadership assignment will be given and assessed using the 303 PC Assessment Rubric. The cadet will reflect and self-assess after the leadership assignment using the same rubric. The leadership assignment shall be recorded on the cadet’s qualification record.

If the cadet does not achieve the performance standard, the cadet will be given additional leadership assignments until the performance standard is met.

Photocopy the 303 PC Assessment Rubric twice for each leadership assignment given.

PRE-ASSESSMENT ASSIGNMENT

The cadet shall review the 303 PC Assessment Rubric and become familiar with the assessment criteria prior to the leadership assignment.

ASSESSMENT METHOD

Performance assessment and personal communication were chosen as it allows the assessor to observe the cadet’s ability to perform the required skill(s) and make a judgement on the quality of performance.

CONDUCT OF ASSESSMENT

PURPOSE

The purpose of this PC is to assess the cadet’s ability to lead cadets through a leadership assignment.

RESOURCES

- Two 303 PC Assessment Rubrics, and

ASSESSMENT ACTIVITY LAYOUT

As per the leadership assignment.
ASSESSMENT ACTIVITY INSTRUCTIONS

While observing the cadet leading cadets through a leadership assignment, assess the quality of each criterion by indicating (eg, highlighting, circling, note taking) on the Assessment Rubric, the descriptive statement that best represents this judgement. Criteria for the leading through a leadership assignment are assessed as:

- Incomplete,
- Completed with difficulty,
- Completed without difficulty, or
- Exceeded standard.

Make notes of observations to provide descriptive post-assessment feedback.

1. Communicate to the cadet their leadership assignment either verbally or in writing.
2. Ensure the cadet understands the leadership assignment.
3. Distribute the Assessment Rubric to the cadet for self-assessment purposes.
4. Ensure the cadet understands their self-assessment will not be recorded on their qualification record.
5. Have the cadet conduct the leadership assignment.
6. Evaluate the cadet’s leadership ability by observation. Record the result (eg, highlighting, circling, note taking) on the Assessment Rubric for each criterion.

The assessment of leadership abilities is subjective; however, the assessor’s responsibility is to be as positive as possible.

7. Have the cadet assess their performance on their Assessment Rubric.

POST-ASSESSMENT INSTRUCTIONS

RECORDING ASSESSMENT RESULTS

1. Indicate the overall performance assessment on the Assessment Checklist as:
   
   (a) **Incomplete.** Overall, the cadet has not achieved the performance standard;
   
   (b) **Completed With Difficulty.** Overall, the cadet has achieved the performance standard with difficulty;
   
   (c) **Completed Without Difficulty.** Overall, the cadet has achieved the performance standard without difficulty; or
   
   (d) **Exceeded Standard.** Overall, the cadet has exceeded the performance standard.

2. Record notes and observations in the assessor’s feedback section of the Assessment Checklist.
3. Sign and date the Assessment Checklist.
4. Ensure a copy of the Assessment Checklist is attached to the cadet's training file.
5. The overall result will be recorded on the Phase Three Qualification Record located at Annex C.

PROVIDING ASSESSMENT FEEDBACK

Discuss the cadet's self-assessment on their performance.

Ask the cadet what they felt went right during the leadership assessment, what did not go well and ask the cadet how they would improve their performance if the leadership assignment was given to them again.

Discuss the performance results of each section of the Assessment Rubric with the cadet.

Discuss the overall performance results with the cadet and provide the cadet with a copy of the completed rubric.

304 PC – PERSONAL FITNESS AND HEALTHY LIVING – ASSESSMENT INSTRUCTIONS

GENERAL

No time is allotted for this PC, as it is to be administered whenever the cadet hands in their completed Physical Activity Tracker.

The Physical Activity Tracker and the requirements of this PC are covered during EO MX04.01 (Participate in 60 Minutes of Moderate- to Vigorous-Intensity Physical Activity [MVPA] and Track Participation in Physical Activities).

PRE-ASSESSMENT INSTRUCTIONS

1. Gather the 304 PC Personal Fitness and Healthy Living Assessment Form.
2. Meet with the cadet to ensure they have received the Physical Activity Tracker, and that they are familiar with the assessment requirements.

MVPA (moderate- to vigorous-intensity physical activity) is a combination of moderate and vigorous intensity activity:

• Moderate-intensity physical activities will cause teens to sweat a little and to breathe harder (eg, skating or bike riding).
• Vigorous-intensity physical activities will cause teens to sweat and be ‘out of breath’ (eg, running or rollerblading).

CONDUCT OF ASSESSMENT

1. Have the cadet complete their Physical Activity Tracker and meet with them as required to deal with any difficulties that may arise. Make notes of observations.
2. Once the cadet has completed the Physical Activity Tracker, evaluate their performance using the assessment form.
3. Conduct a debriefing. Ask the cadet what they felt went well and what they would improve upon if the assessment was given to them again.
4. Discuss the overall performance results with the cadet and provide the cadet with a copy of the completed 304 PC Personal Fitness and Healthy Living Assessment Form.

POST-ASSESSMENT INSTRUCTIONS

1. Place a copy of the 304 PC Personal Fitness and Healthy Living Assessment Form in the cadet’s training file.
2. Record the overall result on the Phase Three Qualification Record.

CHAPTER 4
PERFORMANCE OBJECTIVES

SECTION 1
PERFORMANCE OBJECTIVES AND TRAINING PLAN

PURPOSE
1. The purpose of this chapter is to outline the specific POs associated with the Phase Three qualification.

PERFORMANCE OBJECTIVES
2. POs are a description of the cadet’s ability after training is complete. They include a description, in performance terms, of what the individual must do, the conditions under which the performance must be completed, and the standard to which the performance must conform. These three elements are respectively defined as:
   a. a performance statement,
   b. a conditions statement, and
   c. a standard.

3. This chapter also details the training plan that is designed to assist cadets to achieve the required POs using EOs and Lesson Specifications (LS) that are the key reference used for development of A-CR-CCP-603/PF-001.

ENABLING OBJECTIVES
4. EOs are a description of the cadet’s ability after each unit of learning is complete and constitute a major step towards achieving the PO. EOs may correspond to the major components identified in the first round of deconstructing POs or they may result from grouping several related components. They are composed of three essential parts:
   a. a performance statement,
   b. a conditions statement, and
   c. a standard.

LES S SPECIFICATIONS
5. LSs describe the instructional strategy to be applied to each EO, and include:
   a. supporting teaching points,
   b. references,
   c. learning activities (methods, media and environment),
   d. estimated timings,
   e. assessment directions, and
   f. any remarks that further clarify the design intent.

ASSESSMENT FOR LEARNING
6. Formative evaluation, or assessment for learning, takes place during a phase of instruction and helps cadets and instructors recognize progress or lapses in learning. These assessments can also provide cadets

4-1-1
with opportunities to practice PCs. This helps to diagnose cadet needs, eg, corrective action or remedial instruction, plan the next steps in instruction and provide cadets with feedback they can use to improve. It also reinforces learning so that it can be retained longer. Details for Phase Three assessment for learning are outlined within the applicable lesson specifications located within this chapter.
SECTION 2

PO X01 – PARTICIPATE IN CITIZENSHIP ACTIVITIES

**Stage 1 – Concrete Experience.** Cadets have an experience and take time to identify and define what the experience is. Sample activities: direct observations, simulations, field trips, and reading.

**Stage 2 – Reflective Observation.** Cadets need to reflect on and examine what they saw, felt and thought while they were having the experience. Sample activities: discussion, journals/logs, and graphs.

**Stage 3 – Abstract Conceptualization.** Cadets work to understand and make connections from the experience to new or different situations. Sample activities: interview, discussion, model building, analogies and planning.

**Stage 4 – Active Experimentation.** Cadets look ahead to and plan the application of skills and knowledge acquired to future experience. Sample activities include: simulation, fieldwork.

**Note:** The cycle is ongoing as each learning experience builds on another.
